Subject: Video

To:  **Jeremy Dotson**  kbrant@sd81.org

Good evening

I know the board meeting was canceled on the 19th but I know the video camera was running from when it was set up until the room cleared and it was taken down. (The red light was on) I am requesting a copy of all video taken in the board meeting room the entire evening of February 19th 2014. From set up to take down. This video will be used for the purpose of proving the calm nature of the crowd that night and to prove or disprove the accusation that a member of the audience was spit on. Thank you in advance and I will drop off a DVD in the morning as to not use school supplies.

Thank you in advance.

Jeremy Hargus
